INTEREST FREE (GRACE) PERIOD:

Interest free repayment period ranges from minimum of 20 days to a maximum of 50 days (applicable for purchases and cash withdrawal). However, fees /Service charges, as applicable, is payable for cash withdrawal / for usage at petrol bunks, Railways etc.

Example 1: If the Card Limit is Rs. 25000.00, a purchase of Rs. 11000.00 was made on 21.5.2022 included in our bill dated 20.6.2022 for which payment due date is 10.7.2022.

Example:

Date of purchase : 21 st May 2022
Date of Statement : 20th June 2022
Due Date : 10th July 2022
Interest free Period : 21st May 2022 to 9th July, 2022 i.e., 50 days.

If the cardholder has opted for revolving payment and he has opted auto debit to account, we will be recovering minimum amount due (MAD) of Rs. 550.00 from his operative account maintained at the branch on the due date. If the cardholder pays Rs. 10450.00 on or before 10.7.2022 directly to Credit card, no service charges will be levied in our bill dated 20.7.2022.

If the payment is not made by 10.7.2022, we will be levying service charges of Rs. 8.71 (i.e. 2.5%/30 days =0.083333% per day; Rs. 10450*0.083333/100) will be charged on daily basis from 21.05.2022 (i.e. date of transaction) to 20.07.2022, and service tax as applicable to his card account on 20.7.2022.

In the above example, If the cardholder makes part payment of Rs. 5000.00 on 10.7.2022, we will be levying service charges Rs. 9.17 (i.e. 2.5%/30 days =0.083333% per day; Rs. 11000*0.083333/100) will be charged on daily basis from 21.05.2022 (i.e. date of transaction) to 09.7.2022 plus Rs 4.99 (i.e. 2.5%/30 days =0.083333% per day; Rs. 6000*0.083333/100) will be charged on daily basis from 10.7.2022 to 20.7.2022 and service tax as applicable to his card account on 20.7.2022.

If the cardholder makes full payment of Rs.11,000.00 i.e Total Amount Due (TAD) after 10.7.2022, for instance on 17.07.2022 we will be levying service charges of Rs. 9.17 (i.e. 2.5%/30 days =0.083333% per day; Rs.11000*0.083333/100) will be charged on daily basis from 21.05.2022 to 16.07.2022 and service tax as applicable to his card account on 20.7.2022.

If the minimum amount due payment of Rs. 550.00 is unsuccessful, the service charges levied in our bill-dated 20.7.2022 will be Rs. 9.17 (i.e. 2.5%/30 days =0.083333% per day; Rs.11000*0.083333/100) on daily basis from 21.05.2022 to 20.07.2022 and service tax as applicable.

‘Interest-free credit period’ is suspended if any balance of the previous month’s bill is outstanding.

In the above example if the card holder makes part payment on or before 10.07.2022, Interest free credit period is suspended for the entire amount in our bill-dated 20.07.2022.

Making only the minimum payment every month would result in the repayment stretching over the years with consequent interest payment on your outstanding balance.

For e.g. on a transaction of Rs. 5,000 if Minimum Amount Due is paid every month (subject to a minimum amount of Rs. 100 every month), it will take up to 44 months for entire outstanding amount to be paid in full.

If the card is used beyond the card limit, then excess liability is added to the monthly Minimum Amount Due (MAD). The unpaid balance & overdue amount (if any) in the card account attracts service charges @ 2.5% per month compounded (i.e. 30% per annum) + late payment fee as per tariff sheet or at such modified rates as decided by the Bank from time to time.

Example 3 – Card Statement date – 20th of every month.

Transaction done between 21st March 2022 – 20th April 2022

- (1) Annual fee of Rs. 500 – On 5th April 2022
- (2) Applicable taxes of Rs. 90 – On 5th April 2022
- (3) Online Purchase of Rs. 6000 – On 25th March 2022

Assuming no previous balance carried forward from the 20th March 2022 statement, the cardholder will get his 20th April statement showing Rs. 6,590 transactions. The cardholder needs to make payment against the outstanding by 10th May 2022, i.e. 20 days from the Statement Date, for anything between the entire amount or Minimum

Amount Due. Assuming the cardholder makes the payment of Minimum Amount Due of Rs. 890, (5% of Total outstanding) + applicable fee/ taxes on 10th May 2022, rounded off to nearest decimal point, service charges would be levied at the effective rate and added to the total outstanding.

Considering the effective rate of 2.50% p.m., service charge calculation will be done as follows:

On the online purchase of Rs. 6000 (25th March to 9th May) for 46 days:
 $(2.50/30) \times (46 \text{ days}) \times 6000/100 = \text{Rs. } 230.00$

On the Annual fee & tax of Rs. 590 (5th April to 9th May) for 35 days:
 $(2.50/30) \times (35 \text{ days}) \times 590/100 = \text{Rs. } 17.21$

On the unpaid amount of Rs. 5700 (10th May to 20th May) for 11 days:
 $(2.50/30) \times (11 \text{ days}) \times 5700/100 = \text{Rs. } 52.25$

Total Interest charged (service charges) = Rs. 299.46 on 20th May statement and tax of Rs 53.90 on service charges.
