	heights on either side of partition, average height shall be considered.				
	c) Openings/ door/ glass shall not be measured separately for payment untill specified				
	separately.				
	d) The part of the partition's frame above false ceiling (visible from the inside areas where				
	false ceiling is not provided) shall be completely sealed off using 12mm thk. MR Grade ply				
	and laminate. Only half of the partition's height above false ceiling shall be considered for				
	payment in such cases.				
1a.	Manager Cabin Partition (Partly Glazed - Full Ht.)	165.00	Sq. Ft.		

	inated partly glazed partition using framing, Plywood			I	1
and laminate as per details ment					
1 '	oned in Sr. No.1. The partition shall be solid till 3'-0"				
height and glazed with glass in siz	e 4'-0" (H) & 5'-0" (W) or of appropriate size as per site				
requirements. Glass should be 8m	m thk. clear glass Straight / segmented with bevelled				
edges including frosted film of ap	roved make & design and drawing to be fixed with t.w				
	e & design including grooves, mouldings etc. All sides of				
	teakwood beading on both faces and finished with 2				
	tition to be provided over the fixed glazing till soffit of				
	All exposed edges shall be fixed with teakwood lipping				
1 1 -	cover the entire exposed edges and frame opening for				
	indows (75mmx75mm thick sections or as per site) with				
I	te quoted must be inclusive of the 32-35mm thick door				
	mmercial plywood / board of approved make with 1.0				
I to the second	ted over plywood along with skirting and top band on				
both sides of the door as per bank	's colour scheme along with making 8mm glass opening				
of size 24"(W) X 36"(H) positioned	at the horizontal centre of the door at a height of 3'0"				
from the finished floor for visibilit	with proper teakwood framing and polishing. The glass				
	ed film of approved make & design.				
	ust be finished with teakwood lipping with 2 coats of				
melamine polish.					
	on ONLY the edges of the glass opening of the door $\prime$				
partition. It must be of aproved r	ake with approved artwork. Film shall be of approved				
make, self-adhesive with bubblefro	e installation to be done on clean glass.				
The rate quoted must also include	installing / affixing all necessary fittings like 4 Nos. SS				
Butt Hinges (100mm long x5.5mr	thick), screws, Hydraulic Door Closer, Mortise Lock				
	(H Shape) on both sides on each door pane & Brass / SS				
Door Stopper etc. as per approved

Third state be set addressive with bu	stance instattation to be done on elean stass.	<u></u>			
1d.   Cash Cabin Partition (Height 7'-6'		60.00	Sq. Ft.	1	1

Providing and fixing both side laminated Solid partition for cash cabin using framing, plywood and laminate as per details mentioned in St. No. 1. The partition shall be solid till 4-0" height and thereafter an opening of 2-6" Height & 3-6" width (or of appropriate size as per site requirement) for 172mm trick clear float glass which shall be fixed with double sided teakwood beading of appropriate thickness on exposed edges finished with 2 coat of melamine polish. Rest of the height shall be solid partition little the height of 7-6" from the finished floor. All exposed edges of partition shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowthat 7" windows etc with 2 coat melamine polish.  The rate quoted must be inclusive of the 32-35mm thick door (5ize - 6-0"x2-6") made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep slip tray made of 19mm thick ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36" from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6" wide 12" long and must be positioned such that it must be emanating 4" on either side of the portition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thik), screws, hydraulic Door Closer, high latch, SS handles on of the providing and finished with a constrained by the providing pow					
4-0° height and thereatter an opening of 2-6° Height & 3-6° width for of appropriate size as per site requirement) for 12mm thick clear float glass which shall be fixed with double sided teakwood beading of appropriate thickness on exposed edges finished with 2 coat of melamine polish. Rest of the height shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2 coat melamine polish.  The rate quoted must be inclusive of the 32-35mm thick door (51ze -6-072-6) made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Them shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2' deep sitp tray made of 19mm thick ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 30° from the finished floor on the side partition adjacent to the passing officers counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4" on either side of the partition. The rate quoted must also include installing / affixing all necessary littings like 4 Nos. SS butt thinges (100mm long x5.5mm thick), serves, hydraulic Door Closer, Night latch, SS Handles on both sides & Brass / SS Door Stopper, SS Tower Bott etc.  3. Ber appropriate slot to resure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4" on either side of the partition in thick action silicate board of 12mm thick plyboard and finished with Timu think approved blade and some one of 12mm thi					
as per site requirement) for 12mm thick clear float glass which shall be fixed with double sided teakwood beading of appropriate thickness on exposed edges finished with 2 coat of melamine potish. Rest of the height shall be solid partition till the height of 7-6" from the finished floor. All exposed edges of partition shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2 coats melamine potish.  The rate quoted must be inclusive of the 32-35mm thick door (Size - 6-0%2-6) made with commercial pilywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 12 coats of melamine potish. Them shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhestwe with bubblefree installation to be done on clean plass.  A 2" deep slip tray made of 19mm this ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beating and 2 coats of melamine polish to be affixed at a height of 36" from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6" wide 12" long and must be positioned such that it must be emanating 4" on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS butt Hinges (100mm long x5.5mm thik), screws, Hydraulic Door Closer, Hy					
sided teakwood beading of appropriate thickness on exposed edges finished with 2 coat of melamine polish. Rest of the height shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2 coat melamine polish.  The race quoted must be cluciasive of the 32-35mm thick door (5ze - 6-0°-02-6°) made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per banks colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean class.  A 2 deep slip tray made of 19mm tike fly covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36° from the finished floor on the side postrition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6° wide 12° long and must be postitioned such that it must be emanating 4° on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS but Hinges (100mm long 8.5 firm thk), serves, Hydraulic Door Closer, Night latch, SS Handles on both sides & Brass / SS Door Stopper, SS Tower Bott etc. as per anonvoed makes.  1e. Solid Partition Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel  Providing and fixing both side solid partition using framing and laminate as per details mentioned in St. No.1. The skin of the partition shall be made out of 12mm thick phyboard and finished with 1 mm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick acidum silicate board and 12mm thick acidum silicate board		4'-0" height and thereafter an opening of 2'-6" Height & 3'-6" width (or of appropriate size			
melamine polish. Rest of the height shalt be solid partition till the height of 7-6 from the finished floor. All exposed edges of partition shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2 coat. melamine polish.  The rate quoted must be inclusive of the 32-35mm thick door (5ze - 6-0×2-6) made with commercial pilywood / board of approved make with 1.0 mm thick matt finish laminate pasted over pilywood along with skriting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean elass.  A 2' deep slip tray made of 19mm thik ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood bedging and 2 coats of melamine polish to be affixed at a height of 36' from the finished floor on the side partition adjacent to the passing officers counter at an appropriate slot to ensure convenient usage. The lip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / affixing all necessary littings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thik), screws, Hydraukic Door Closer, Night latch, SS Handles on both sides & Brass 7 SS Door Stopper, SS Tower Bolt etc.  3a nece anonymed makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1 must have a paproved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board of 12mm thick plyboard shall b		as per site requirement) for 12mm thick clear float glass which shall be fixed with double			
finished floor. All exposed edges of partition shall be fixed with teakwood lipping 75mm thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2 coat melamine polish.  The rate quoted must be inclusive of the 32-35mm thick door (57e-2-6*) made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's cotour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-addestive with bubblefree installation to be done on clean slass.  A 2 deep slip tray made of 19mm this ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36* from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6* wide 12* long and must be positioned such that it must be emanating 4" on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS But Hinges (100mm long 8.5 mm thk), screws, Hydraulic Door Closer, Night latch, SS Handles on both sides & Brass / SS Door Stopper, SS Tower Bolt etc. as per anonveed makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel  Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1 mm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint to the internal side. The rate quoted must be inclusive of the providing one pane d		sided teakwood beading of appropriate thickness on exposed edges finished with 2 coat of			
thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2.0 cant melamine poolish.  The rate quoted must be inclusive of the 32-35mm thick door (5ize - 6-072-6') made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2' deep slip tray made of 19mm thk ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36' from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / a fixing all inecessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thk), screws, Hydraulic Door (loser, Night latch, SS Handles on both sides a Brass / SS Door Stopper, SS Tower Bolt etc. as near anabrowed makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with mut thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for UPS room (size -7-0' x 3'-0') & 2 panes door (Size-7-0' x 2'-0' for el		melamine polish. Rest of the height shall be solid partition till the height of 7'-6" from the			
thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc with 2.0 cant melamine poolish.  The rate quoted must be inclusive of the 32-35mm thick door (5ize - 6-072-6') made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2' deep slip tray made of 19mm thk ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36' from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / a fixing all inecessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thk), screws, Hydraulic Door (loser, Night latch, SS Handles on both sides a Brass / SS Door Stopper, SS Tower Bolt etc. as near anabrowed makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with mut thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for UPS room (size -7-0' x 3'-0') & 2 panes door (Size-7-0' x 2'-0' for el		finished floor. All exposed edges of partition shall be fixed with teakwood lipping 75mm			
with 2 coal melamine polish.  The rate quoted must be inclusive of the 32-35mm thick door (Size - 6-0"x2"-6") made with commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door apper bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep slip tray made of 19mm this ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36" from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6" wide 12" long and must be positioned such that it must be emanating 4" on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm this), screws, Hydraulic Door Closer, Night latch, S5 Handles on both sides & Brass / S5 Door Stopper, S5 Tower Bolt etc.  as near approved makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel  Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1nm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for UPS room (Size - 7-0" x 3"-0") & 2 panes door (Size-7-0" x 2"-0" for electrical panel) or door sizes as per sist requirements in combination of 12mm thick a		thick sections enough to cover the entire exposed edges, doors chowkhat / windows etc			
commercial plywood / board of approved make with 1.0 mm thick matt finish laminate pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean slass.  A 2' deep sitp tray made of 19mm this hyp covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36' from the finished floor on the side partition adjacent to the passing Officers counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanting 4' on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. S. Butt hinges (100mm long x5.5mm thik), screws, Hydraulic Door Closer, Night latch, S5 Handles on both sides & Brass / S5 Door Stopper, S5 Tower Bolt etc. as per approved makes.  1e. Solid Partition (Pull Ht.) - Calcium silicate Board for UPS Room and Main electrical panel or driving and the side of the partition shall be made out of 12mm thick plyboard and finished with 1mm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for UPS room (Size -7-0' x 3'-0') & 2 panes door (Size-7-0' x 2'-0' for electrical panel) or door sizes as per site requirements in combination of 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint. Exposed edge of door thickness shall be on the outer side and shall be pasted with 1.0 mm thick matt laminate along with matching skirting & top bands as per b					
pasted over plywood along with skirting and top band on both sides of the door as per bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep slip tray made of 19mm thic ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 3'6' from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12" long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. 5S Butt Hinges (100mm long x).5mm this, screws, Hydraulic Door Closer, Night latch, 5S Handles on both sides & Brass / SS Door Stopper, SS Tower Bolt etc. as per approved makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel  Providing and fixing both side solid partition using framing and laminate as per details mentioned in St. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1mm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board 2 coats of white acrytic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for UPS room (Size - 7.0' x 3'-0') 8 - 2 panes door (Size-7.0' x 2'-0') 6 relectrical panel) or door sizes as per site requirements in combination of 12mm thk calcium silicate board 2 coats of white acrytic emulsion paint. Exposed edge of door thickness shall be finished with 2 coats white acrytic emulsion paint. Exposed edge of door thickness shall be finished		The rate quoted must be inclusive of the 32-35mm thick door (Size - 6'-0"x2'-6") made with			
bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep sitp tray made of 19mm this thy covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 3'6' from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thk), screws, Hydraulic Door Closer, Night latch, SS Handles on both sides £ Brass / SS Door Stopper, SS Tower Bolt etc. as Der addresses.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1mm thick laminate of approved shade and scheme on the customer side (Visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for IPS room (Size - 7-0' x 3·0') £ 2 panes door (Size-7-0' x 2·0') for electrical panel) or door sizes as per site requirements in combination of 12mm thk calcium silicate board and 12mm thick approved block / ply board shall be on the outer side and shall be pasted with 1.0 mm thick matt laminate along with matching skirting & top bands as per bank's scheme and the internal side of the door shall finished with 2 coats white acrylic emulsion paint. Ex					
bank's colour scheme. The exposed edges of the door must be finished with teakwood lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep sitp tray made of 19mm this thy covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 3'6' from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6' wide 12' long and must be positioned such that it must be emanating 4' on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thk), screws, Hydraulic Door Closer, Night latch, SS Handles on both sides £ Brass / SS Door Stopper, SS Tower Bolt etc. as Der addresses.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with 1mm thick laminate of approved shade and scheme on the customer side (Visible to customers) and 12mm thick calcium silicate board 2 coats of white acrylic emulsion paint on the internal side. The rate quoted must be inclusive of the providing one pane door for IPS room (Size - 7-0' x 3·0') £ 2 panes door (Size-7-0' x 2·0') for electrical panel) or door sizes as per site requirements in combination of 12mm thk calcium silicate board and 12mm thick approved block / ply board shall be on the outer side and shall be pasted with 1.0 mm thick matt laminate along with matching skirting & top bands as per bank's scheme and the internal side of the door shall finished with 2 coats white acrylic emulsion paint. Ex		pasted over plywood along with skirting and top band on both sides of the door as per			
lipping with 2 coats of melamine polish. Item shall also include supply and installation of frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep slip tray made of 19 mm thk ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36" from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. The slip tray must be 6" wide 12" long and must be positioned such that it must be emanating 4" on either side of the partition. The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS Butt Hinges (100mm long x5.5mm thk), screws, Hydraulic Door Closer, Night latch, SS Handles on both sides & Brass / SS Door Stopper, SS Tower Bolt etc. as per approved makes.  1e. Solid Partition (Full Ht.) - Calcium silicate Board for UPS Room and Main electrical panel  Providing and fixing both side solid partition using framing and laminate as per details mentioned in Sl. No.1. The skin of the partition shall be made out of 12mm thick plyboard and finished with Imm thick laminate of approved shade and scheme on the customer side (visible to customers) and 12mm thick calcium silicate board con (Size-7.0" x 2.0" for electrical panel) or door sizes as per site requirements in combination of 12mm thk calcium silicate board on 12mm thick approved block / ply board pasted / screwed together to form a single door and finished as per scheme matching the partition as above. The block / ply board shall be on the outer side and shall be pasted with 1.0 mm thick matt laminate along with matching skirting & top bands as per bank's scheme and the internal side of the door shall finished with 2 coats white acrylic emulsion paint. Exposed edge of door thickness shall be finished with teakwood lipping & melamine polish. The door shall eb finished with be					
frosting film of aproved make with approved artwork. Film shall be self-adhesive with bubblefree installation to be done on clean glass.  A 2" deep slip tray made of 19mm thk ply covered with 1.0 mm thick white matt laminate with edges finished with teakwood beading and 2 coats of melamine polish to be affixed at a height of 36" from the finished floor on the side partition adjacent to the passing Officer's counter at an appropriate slot to ensure convenient usage. 	Providing and fixing partition with frame work as mentioned Aluminium framework				
	covered with 12mm thk ply and finished with approved interior grade ACP including				
	skirting & band at top in the same alignment with a groove and including teakwood				
	moulding of approved size including the necessary ply backing to match the level of other				
	finishes such as 1.0mm thk. laminate in required areas as shown in detailed drawing or as				
	directed by Architect. The rate quoted must be inclusive of the 32-35mm thick door (Size -				
	7'-0" X 3'-0") or as directed by Bank / Architect made with commercial plywood / board of				
	approved make with ACP pasted over plywood.				
	The rate quoted must also include installing / affixing all necessary fittings like 4 Nos. SS				
	Butt Hinges (100mm long x5.5mm thick), screws, Hydraulic Door Closer, Mortise Lock				
	Assembly, 300mm long SS Handles (H Shape) on both sides on each door pane & Brass / SS				
	Door Stopper etc. as per approved makes.				
	The part of the partition's frame above false ceiling (visible from the inside areas where				
	false ceiling is not provided) shall be completely sealed off using 12mm thk. MR Grade ply				
	and ACP. Only half of the partition's height above false ceiling shall be considered for				
	payment in such cases.				
1g.	Flap Door (4'0" High)	15.00	Sq. Ft.		
	Providing and fixing of flap door using 19mm thick MR Grade Ply / block board of approved			<u> </u>	
[	make laminated on both sides with 1mm thick laminate of approved shade as mentioned				
[	above. The exposed edges of the board shall be finished with 1mm thick laminate of				
	approved make and colour. The rate quoted must also include 2 SS / brass tower bolts				
	assemblies, 2 Nos. SS Butt Hinges (100mm long x5.5 mm thk), screws & magnetic ball				
[	catchers etc of approved makes. There shall be 100mm high skirting at the bottom of the				
	1				
	door with 1mm lamination in Canara Bank Blue shade & a 100mm high top band of Canara				
	Bank Yellow colour at the vertical top of the door so as to match the surrounding scheme.				
2	COUNTERS & TABLES				
	Providing & Fixing Box type Tables and counters of size mentioned below as per branch				
	drawing and layout. The tables / counters are made out of 19mm . BWR (IS - 303)				
	Plywood frame work for top, verticals, apron, sides, shutters, customer top, foot rest,				
	drawer unit with sliding drawers etc. The sides and front apron of sliding drawers shall be				
	made out of 12mm . BWR ( IS - 303 ) Plywood of approved make while backs & bottom of				
	drawer unit shall be made with 6mm . BWR (IS - 303) Plywood of approved make. The				
	drawer unit having overall size of 450mm width x 750mm height x 500mm depth or of size				
	approved by the bank shall be fixed on a suitable side of the table / counter as per				
	layout. The drawer unit shall consist of 3 nos. of sliding drawers of equal height to cover				
	the entire height of the unit & each must be 450mm deep or of size & number as approved				
	by the bank. Each drawer shall have SS handles with multipurpose concealed lock. The				
	drawers shall be fixed with telescopic SS sliding channels of approved make with easy				
L	nush-null mechanism.				l
	A uniform 100mm high skirting shall be provided at the visible bottom of the side unit with				
	1.0mm thick laminate of Canara Bank Blue shade. A fixed footrest made with T.W.				
	member of size 4"X1.5" finished with french polish shall also be provided at the bottom of				
	the inside of the tables / counters at a comfortable height. Grooves / openings for cable				
	managers shall also be provisioned in the table and glass along with supply & fixing of				
	cable manager. The shape of the top glass shall be prepared / cut in such a manner that				
	the entire surface of the working top of the table / counters should be covered by the top				
	glass. All the open surfaces of the tables / counters / drawer units shall be completely covered				
	with 1mm thick laminates. The front apron and visible side apron(s) of the counters /				
	tables shall be provided with 100mm top band of 1.0mm thk laminate of Canara Bank				
	Yellow shade & 100mm skirting of of 1.0mm thk laminate of Canara Bank Blue shade. The				
	remaning area shall be provided with 1.0mm thick white laminate. The counter / table				
	top shall be provided with 1.0mm thick laminate of Canara Bank Blue shade. The other				
	exposed edges shall be finished with teakwood lipping & 2 coats of melamine polish. All				
	inner surfaces shall be finished with approved 0.8 mm thick laminate of white shade of				
	lapproved make.				

	,			
	All table / counters shall be provided with sliding key board unit of size 12" X 20" made of			
	19mm thick approved board finished with 1.0mm white laminate and mounted with			
	telescopic channels of approved make on the sides made out from 12mm thk MR Ply Board			
	of approved make finished with 0.8mm thick white laminate. All exposed edges to be			
	finished with teakwood beadings of appropriate size and 2 coats of melamine polish along			
	with all other finishes / hardware / fittings etc required to complete the job.			
	For CASH COUNTER- Same as above but the cash counter shall have two working tops viz.			
	one working top at height of 2'-6" for staff & other, the customer top at height of 4'-2" for			
	customer use. The customer top shall be 450mm wide of length as mentioned below and			
	shall be fabricated such that it is projected 150mm outwards i.e. towards the customer			
	side. The rate quoted must include full front portion and customer top of mentioned			
	height and style made out of 19mm thick BWR (IS - 303) Plywood of approved make and			
	1.0mm thick laminate of design as approved by the Bank, along with 12mm plain float			
	front glass which should be 3'-0" high over and above the customer top and of required			
	length as mentioned below. A support partition shall also be provided on top of the glass			
	till a height of 7'-6" from the finished floor. The partition over the glass shall be made out			
	of 19mm thk BWR ( IS - 303 ) Plywood of approved make finished with 1.0mm thick			
	laminate of Canara Bank Blue shade. The front glass shall be fixed rigidly over the			
	customer top with teakwood beadings on both sides finished with 2 coats of melamine			
	Two openings / slits shall be provided in the front glass - one opening of			
	300mmx150mm on the horizontal centre at the bottom of the glass and another 3" wide			
	horizontal slit at the vertical centre of the front glass for convenient cash and voice			
	transaction. The glass edges shall be bevelled on all exposed edges on both faces to			
	ensure safe & smooth edges.			
2a.	Branch In-charge Table of Size: 6'-0" (L) X 2'-6" (W) X 2'-6"(H) along with 12mm thick	1.00	No.	
	clear float glass on table top finished with smooth bevelled edges. The quted rate			
	must include the rate for this glass top.			
2a.	Table of Size: 4'-0" (L) X 2'-6" (W) X 2'-6"(H)	1.00	No.	
2b.	Staff Counters of width of working top: 2'-6" & Height: 2'-6"	18.00	R. Ft.	
2c.	Cash Counters of width of working top: 2'-6", width of customer top: 4'-2" from	5.00	R. Ft.	
2d.	finished floor.  CENTER TABLE (Size - 2'-0" x3'-0" )	2.00	No.	
	Providing and supplying in position center table to be made out of 2" x 2" t.w. frame with	2.00	110.	
	12mm thk. clear glass top with bevelled edges and etching with polish etc. complete as			
	instructed by Architect.			
3	STORAGE CABINETS / CREDENZAS			
	Providing & placing in position box type storage cabinets / Credenzas 18" deep & height as			
	given below made out of 19mm thick BWR (IS - 303) Plywood of approved make finished			
	with 1mm laminate with shade as per bank's approved scheme. The top of the low height storages / credenzas shall be finished with 1.0mm thk Canara Bank Blue laminate. The			
	sides, partition, top, shelves & bottom shall be made out of 19mm thk. approved board			
	and back made out of 6mm thk. BWR ( IS - 303 ) Plywood of approved make. Item shall			
	have one 6" high drawers on top made out of 19mm thick BWR ( IS - 303 ) Plywood of			
	approved make complete with handles, locks etc of approved makes. The shutters made			
	out of 19mm thick BWR ( IS - 303 ) Plywood of approved make finished with 1.0mm thk			
	laminates of approved scheme on the outer surface shall cover the remaining space			
	available below the drawers. All inner surface shall be finished with 0.8mm thick white			
1	laminate with matching edge tapes for all exposed edges. A 100mm high top band shall be	l		
	laminate with matching edge tapes for all exposed edges. A 100mm high top band shall be provided on top front face of the storage cabinets / credenzas finished with 1mm thk			
	provided on top front face of the storage cabinets / credenzas finished with 1mm thk			

	The drawer must be finished with 1.0mm thk laminate of shade as per Bank's scheme on			
	outer surface and 0.8mm thick white laminate on the inner surfaces. The drawers shall be			
	supported with SS telescopic sliding channels of approved make with smooth push-pull			
	mechanism along with SS handles and individual locks. The shutters below the drawer			
	shall be supported with soft close clip-on SS Hinges of approved make of required number			
	depending upon the size of the shutter. Each shutter shall be supplied with necessary			
	accessories and hardware such as individual locks, SS handles, magnetic ball catchers, SS			
	tower bolts, individual locks etc. of approved makes screwed and fixed rigidly. Horizontal			
	shelves & vertical planks made out of 19mm thick MR board of approved make & shall be			
	provided inside the shutters in a manner to create optimum number of storage chambers			
	each of equal storage space depending upon the size of the cabinets / credenzas. These			
	partitions shall be finished with 1mm thick white laminate on all faces and exposed side			
	(thickness) edges of the partition members shall be finished with teakwood lipping and 2			
	coats of melamine polish.			
	Note - For the purpose of contractors bill payment, only front elevation area shall be			
	measured			
	measured			
	Providing and fixing Low height Storage of ht. 4'-0" and depth as specified in the drawings			
	as per specification below.			
	Skeleton - made out of 19mm MR GRADE IS 303 Commercial ply at end verticals, top and			
	bottom and verticals 450mm to 600mm Centres as shown in drawing and 6 mm thk back			
	MR GRADE IS 303 Commercial ply			
	SHELVES - 19mm Thk. Plywood top and edges finished in 0.8mm thk. Laminate to			
	accommodate file height removable and supported on pins.			
	SHUTTERS-made out of 19mm MR GRADE IS 303 Commercial ply externally finished in			
	1.0mm thk. Laminate and Internally finished in 0.8 mm thk. Laminate as shown or			
	directed.			
	HINGES - Each shutter shall have 100mm long oxidised brass butt hinges. Mimimum 4 nos.			
	hinges for each of the shutter for Full height Storage and 3 Nos. hinges for each of the			
	shutter for Low Height Storage to be provided.			
	BOLTS - Flush tower bolts from inside at top and bottom to the shutters and magnetic			
	catch fixed top and bottom.			
	LOCKS - of approved make 4 -lever brass body dead lock with S.S. Key.			
	HANDLES - 100mm wide handles of c.p. brass as approved by the Architect.			
	SKIRTING -As instructed by Architect, 18 plywood finished in Laminate.			
	BACK - Back side of storage to have 6mm thk. MR GRADE IS 303 Commercial ply.			
	Finishing :- All external surface finish with 1.0 mm thk Laminate. All the exposed			
	woodsurfaces shall be finished in melamine polish. In side visible surface complete with			
	0.8mm thk Laminate. Top to have tw moulding as instructed.			
3a.	Side credenza adjacent to the tables and counters (2'-6" High & 3'-0" Wide or as	15.00	Sq. Ft.	
	mentioned in layout) Same as Sr. No.3 but with 1 no. 6" high drawers at top & shutters			
	below drawer.			
3c.	Low Ht. Storage (2'-6" High) (In Branch Hall) Same as Sr. No.3 but without drawers &	20.00	Sq. Ft.	
	with shutters fitted with SS butt hinges, vertical and horizontal shelves of appropriate size			
	to utilize the entire space available as per layout for creating optimum space inside			
	storage chambers at different heights.			
3d.	Low Ht. Storage (7'-0" High) (In Branch Hall) Same as Sr. No.3 but without drawers &	45.00	Sq. Ft.	
	with shutters fitted with SS butt hinges, vertical and horizontal shelves of appropriate size			
	to utilize the entire space available as per layout for creating optimum space inside			
	storage chambers at different heights.			
4c.	FULL HEIGHT FULLY GLAZED PARTITION INCLUDING DOOR (For Branch and ATM	150.00	SqFt	
	Entrance)			

Fully glazed Door: Providing and fixing frameless fully glazed 12mm thk toughened glass door fixed with necessary patch fittings (Dorma or equivalent make) including cutting, making holes, cutouts in the glass of required shape and size to accommodate fittings and fixing the fittings in floors, soffits, jambs including necessary fixtures, screws, sealant wherever required and SS cover over patch fittings. Rate shall include necessary etching film /, approved patch fitting locking systems, 1 pair of 600mm long S. S. (H Shape) Handles of approved make, floor springs, and any necessary hardware items. (J DORMA MAKE Top Phvt - PT 24, Top Patch Fittings - PT 20, Bottom Patch fittings - PT 10, Floor Spring - BTS 75 V, Corner lock with strike plate and Euro Profile Cylinder - US 10, Handle-TG DiHodo - 600mm length) complete as per the directions of Architect Note:-actual mesurment as per site.  4d. SOLID DOOR  4d. SOLID DOOR  Providing and fixing 35mm thick BWP solid core flush door double leaf with 1.0 mm thick Laminate from both the sides of approved colour & shade with hinges and mortise lock, door closer, door stopper, tower bot including all necessary fixtures, littings & fasteners etc. complete and as directed by Bank's Architect/Bank's Engineer  5 CUSTOMER WRITING DESK.  Supply and fixing of free standing box type customer writing desk of required length, 42' height and 18' deep. The desk shall be made out of 19mm thick approved block / ply upto the height of 36' and bins above (open towards the front in a pigeon hole rack type formation for keeping challans). The size of the bins shall be 6' X 6' each made up of 12 mm thick plain glass on top & 19mm thick MR plywood for back, vertical partitions and side partitions of the bins. The writing top glass should be 12mm thick clear float glass affixed firmly to the base, it must be finished with snooth bevelled degles and sealed with silicon sealant. The bottom of the desk shall consist of 2 nos. Dox type cabinets of size—36' (h) x 18' (d) made cut of 19mm thick a		Providing and fixing partition framing consisting of Heavy duty Aluminium Box Sections 50mm x 50mm @ 600mm c/c Horizontally and Vertically . The vertical alternate frames to be fixed to the ceiling with necessary fixtures. The framing shall be finished with 12 mm thk. ply on both side and finished with 1.00 mm thk. Laminate finish and beading patti around glass finished with polish. The shade of laminate and polishing finish to be got approved from Bank / Architect. Approved make 12mm thick toughened glass to be fixed from skirting level to 2100mm level ( in the top line of Door) The skirting should be as per approved laminate as per drawing and direction. Rate shall be inclusive of necessary hardware items, etc. Complete. The edge beadings with steam beach wood and finished with melamine.All damages to the floor work to be reinstated without any extra cost as per directions of Architect.(Toughened glass partition will be measured upto 7' height and above that partition quantity will be considered in solid partition). The rate is inclusive of door as per the specifications provide below. No addaitional payments for door will be made.			
Providing and fixing 35mm thick BWP solid core flush door double leaf with 1.0 mm thick Laminate from both the sides of approved colour & shade with hinges and mortise lock, door closer, door stopper, tower bolt including all necessary fixtures, fittings & fasteners etc. complete and as directed by Bank's Architect/Bank's Engineer  5 CUSTOMER WRITING DESK.  Supply and fixing of free standing box type customer writing desk of required length, 42" height and 18" deep.
