DESCRIPTION g, Testing & comissioning of following star its, with evaporator copper coil & imported ints, with wireless remote controller (Make:- oltas / Carrier) DNE - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed eric nitrile rubber tublar in sulation between adoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds & 1.)	QUNTITY. 4.00 3.00 60.00 30.00	UNIT No. No. Rmt Rmt	RATE	AMOUN
its, with evaporator copper coil & imported ints, with wireless remote controller (Make:- oltas / Carrier) DNE - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed eric nitrile rubber tublar in sulation between adoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for soories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	3.00	No.		
ints, with wireless remote controller (Make:- oltas / Carrier) DNE - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed pric nitrile rubber tublar in sulation between ndoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for sories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	3.00	No.		
DNE - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed aric nitrile rubber tublar in sulation between adoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	3.00	No.		
DNE - INVERTER TECHNOLOGY E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed aric nitrile rubber tublar in sulation between adoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	3.00	No.		
E - INVERTER TECHNOLOGY connecting refrigerant pipe work with closed ric nitrile rubber tublar in sulation between adoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	3.00	No.		
connecting refrigerant pipe work with closed ric nitrile rubber tublar in sulation between ndoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	60.00	Rmt		
ric nitrile rubber tublar in sulation between ndoor & outdoor units as per specification, all the room shall be peoperly supported with MS mps including cabling from indoor to outdoor ipe for 2 TONE AC - INVETER (Cassette) .0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &				
.0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &				
.0 TONE - INVERTER fixing, testing and commissioning of wall oper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &	30.00	Rmt		
pper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &				
pper wound voltage stabilizer suitable for ssories. range : 140-280 V, 0 V (Make:- LIVEGAURD/ Blue- Birds &
